Floating free like a firefly,  
Dancing beneath the stars,  
We drift on the breeze, just you and I,  
Dancing beneath the stars.

Maybe it's only a daydream,  
Picturing what could be.  
Gracefully swirl through a moonbeam,  
Twirling so fancy-free.

Dancing beneath the stars.

Overhead there's a shooting star  
Dancing beneath the stars.  
Flying through space, it's travelled far,  
Dancing beneath the stars.

Our faces shine in the moonlight,  
Our lanterns all aglow.  
Together we move so freely,  
Gliding to and fro.

Dancing beneath the stars.

The music plays so sweetly  
Though no-one else can hear.  
I lose myself completely  
As we whirl and swirl on a night so clear.

Dancing beneath the stars,  
Dancing beneath the stars,  
Dancing beneath the stars,  
With you.
